"Very Effective"

"Your program proved to be entertaining and filled with important messages for students. Each of the components of the program are vital to the success and happiness of children and adults ... The pre-program and follow-up materials assist with the effectiveness of your show and its messages ... The magic you perform and the manner in which you present your show is very effective in sending messages to the students."

Bill Buxton, Principal, Stinesville Elementary School, Stinesville, IN

"Wonderful Presentation"

"I would like to take this opportunity to thank you for a wonderful presentation. I was very impressed by your ability to relate to all ages and make a connection with them with the drug-free message. I have had the opportunity to see many performers in my career, but yours has to rank among the best. Not only did you baffle the students (and adults alike), but the manner in which the drug-free message was incorporated into the performance was outstanding."

Jack Ackermann, Ph.D., Principal, Ellis School, Belleville, IL

"Masterful Job"

"The program brought forth much laughter, lots of giggles, looks of surprise, but most importantly, a realization by our students that they are unique individuals with gifts and talents, who do not need to use drugs. You do a masterful job working with different ages levels. I have had the opportunity to work with many performers and school assembly guests during my many years as a principal, and I found your attention to detail and your professionalism to be excellent."

Dr. Pamela Stanfield, Principal, Westchester Elementary, Kirkwood, MO

"Entertaining And Educational"

"The faculty appreciated your approach to the program and understanding that the program be both entertaining and educational. Involving our students in entertaining magic acts while dropping your pearls of wisdom about success was very effective."

Kathaleen Hanke, F.a.C.S. Dept. Chair, North Jr. High School, Collinsville, IL

"Very Unique And Visual"

"Your message was delivered through a very unique and visual manner in which our students will always remember. We were very impressed with the show and the way you related the material to all grade levels. Your use of audience participation, humor and magic really gave our students a great way to remember that they can be successful if they are drug free."
